Attorney General John Ashcroft
US Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Mr. Ashcroft:

We are writing to express our opinion regarding the antitrust suit against Microsoft, which is that it should be concluded at once. The settlement reached in November 2001, is a fair and just settlement that ought to be accepted by the Justice Department.

For the sake of Microsoft's shareholders and customers, this antitrust suit needs to be brought to a swift and final conclusion.

Thank you and we think you are doing a good job in your cabinet position.

Sincerely,

Henry G. James
